WARSAW, is the capital and largest city of Poland and it is located on the Vistula River. The population is about 1,717,000. The city has wonderful examples of architecture, like the St. John's Cathedral (14th century), the Royal Castle (beginning 17th century), the Czapski Palace (18th century) which houses the Warsaw Academy of Fine Arts, Grand Theatre (19th century) and many more churches and palaces.

FRIDAY 16 MARCH

International School Services (ISS) sponsored Keynote Speaker : Dr. Nancy Love presents "Unleashing the Power of Collaborative Inquiry: Connecting Data to Results"

Nancy Love is Director of Program Development at Research for Better Teaching in Acton, Massachusetts, where she heads up this education-consulting group's research and development. A leading expert in school data use and professional development, Nancy has worked with schools across the country develop Data Coaches and high-performing Data Teams and to put research about effective professional development into practice. As former Director of the National Science

Foundation-funded Using Data Project, Nancy led the design and implementation of a comprehensive professional development program to improve teaching and learning through collaborative uses of school data. Participating schools significantly increased student achievement, teacher collaboration, and uses of data to improve instruction.

SATURDAY 17 MARCH

Insurance Services International (ISI) sponsored Keynote Speaker : Dr. Jane Goodall presents "Making a Difference: A Morning with Dr. Jane Goodall"

In her speech, *Making a Difference*, **Dr. Jane Goodall**, will bring her audience into the world of the Gombe chimpanzees—from her early observations and experiences to the latest news and stories from the field.

Dr. Goodall will also provide insight into the person behind the globe-trotting international icon: founder of the Jane Goodall Institute, a UN Messenger of Peace, Dame of the British Empire and the subject of countless articles and television programs around the world. She will also discuss the current threats facing the planet and her reasons for hope in these complex times, encouraging everyone in the audience to do their part to make a positive difference each and every day.
