ABOUT WARSAW

Warsaw, nurturing over 400 years of pride as a capital, is Poland's largest city and an economic, political, and cultural center. Before World War II, it is used to be called the Paris of the East.

The symbol of the city is the Mermaid, featured on the city seal. Warsaw is a bustling metropolis and features an unforgettable history. A city where a fourth of the terrain is covered by parkland and a city of culture for all tastes.

The Vistula River flowing through the city is not only the longest river in Poland, joining the former and the current capital of Poland: Cracow and Warsaw, but also the last big wild river on the European continent. Its natural importance to Europe can not be overestimated as it is a significant ecological corridor.
