# Education for Social Innovation

**Learning Goal:** To document the learning process of students with new technologies while they explore curriculum through social innovation projects that reach beyond the classroom.

#### **Course Objectives**

• Explore the role of social innovation & entrepreneurship in supporting teachers' and administrators' professional learning and fostering 21<sup>st</sup> century skills

• Discover how Project Based Learning can be used as a pedagogy to produce social innovation outcomes while meeting curriculum objectives

• Gain experience with ideation and design thinking pedagogy to further unleash collaborative inquiry and problem-solving in your students

• Co-develop classroom-based social innovation project(s) with students on issues of local and/or global significance

• Engage with key e-technologies behind authentic, humanizing approaches to social innovation to empower students as learners and leaders

• Understand and apply tools of pedagogical documentation to support learning outcomes by making learning visible

• Learn how to develop and maintain partnerships to extend your classroom to the community and beyond

**Questions?** Contact education@takingitglobal.org or Kathy Stetson at kathy@ceesa.org

#### **Course Overview**

Session 1: Orientation Session 2: Exploring Possibilities Session 3: Tools for Social Innovators Session 4: Refining our Focus Session 5: Growing Momentum Social Innovation Symposium at CEESA 2016 in Sofia!

Registration is open for all CEESA educators!

The course involves 5 sessions including a full day of orientation in **Helsinki on September 10, 2016**, and four online sessions in the following months.

**Recruit your colleagues!** A minimum of three educators are required to participate per school to ensure growth of a community of practice.

Participating educators will be invited to showcase their activities during a Social Innovation Symposium at CEESA 2017 in Sofia, Bulgaria.

Course fees are \$299 per educator plus travel to and hotel in Helsinki. The deadline for registration is **August 12, 2016.**
