

KONAVLE & CAVTAT (without lunch)

The Konavle region stretches from Cavtat to the border with Montenegro.

Cavtat is first town that we will visit. The special charm of this old city are the buildings that have remained from the time of the old Dubrovnik Republic. This city was also built according to the regulation plans prescribed by the Republic, and the result was the present-day look of the old part of Cavtat.

Sokol kula is one of sights that we will visit. This fort found itself under Dubrovnik rule in 1420 and was immediately submitted to further construction – rebuilding of certain parts, strengthening of others, arming and general maintenance because of its strategical position

Konavle region is known for abundance of water, breathtaking scenery, historical sites and wine production. Join us on this excursion to see and taste home made products and some of the best wines of Konavle region!
