

**Pechersk School International**  
*IB World School Since 2000*

Dear CEESA Colleagues:

We would like to express our sincere gratitude for the support and practical assistance that you, and the CEESA schools, offer PSI during these very challenging and painful times.

We must demonstrate a strong stance that reflects the values necessary to create 'a better and more peaceful world'.

On Saturday, 26 February, 2022 we launched a global campaign in support of Ukraine and its people. We ask you to take immediate action and join us in supporting our wonderful country of strong, courageous and vibrant people, who are standing together to defend their homeland from this unprovoked and vicious attack.

Please join us by spreading the word about the current crisis. On [this](#) website page, you will find a list of actions that can be taken by anyone; please note that this list was compiled in cooperation with PSI staff, and the School's friends and partners.

We thank you for your invaluable support.

Sincerely,

Rachel Caldwell (Director) & All of your friends at Pechersk School International
